**Re: Supplements to Comments on Application of CWM Chemical Services for
a Wetland Fill Permit, Porter, Niagara County, NY**

Dear Mr. Schlueter:

As I indicated in comments submitted to you yesterday on the above-referenced matter, please accept the enclosed technical comments from Charles P. Rosenburg of Northern Ecological Associates on this matter.

In addition, please apply the following *errata* to my comments submitted yesterday:

1. PAGE 2: Please strike “and operating at a reduced flow rate.” The County does not sufficient information at this time to determine current waste receipts at CWM.
2. PAGE 2, PARAGRAPH HEADED “*Project 2.*”: The first occurrence of “Id.” should be “Id., p. 3.”
3. PAGE 3, LAST FULL PARAGRAPH: Please replace “Id., p. 31” with “DRAFT SCOPING DOCUMENT, p. 31.”

Finally, excerpts from the CWM Draft Scoping Document I included with yesterday’s comments are missing one of the referenced pages. I enclosed a corrected attachment.

Sincerely,

Gary A. Abraham
